

COMPANY OVERVIEW

EJS Project Management Group LLC is a highly qualified project management firm with over 20 years of experience in the management of construction projects across all industries. Our firm has contributed to the successful completion of projects by assisting with construction oversight, engineering project support, field inspections, stakeholder coordination, condition assessments and recommendations, and other related tasks. We provide service to the entire US Virgin Islands.

CORE COMPETENCIES

- Construction Management – Experiencing in planning and project oversight from beginning to end of project
- A/E Design Management – Collaborates design team and owner to establish a comprehensive finished design
- Stakeholder Engagement – Bringing all stakeholders to the table to provide key input to project deliverables
- Cost & Schedule Management – Monitoring and reporting cost and schedule to determine health of the project
- Project Site Inspections – Daily oversight of ongoing work to include comprehensive reporting
- Quality Control Management – Utilizing the three phases of control to plan each definable feature of work
